DETAILED ACTION

REASONS FOR ALLOWANCE

1. Claims 1-4, 6-7, 9-14, 16-22 and 30-33 are allowed.
2. The following is an examiner's statement of reasons for allowance:
3. The applicant's amendments to the instant claims have overcome previous rejections.
4. The applicant's independent claims 1, 18, 20, 21, and 30-33 now require specific combinations of compounds in conjunction with the trans-1,2-dichloroethylene. The applicant has further amended claim 1 to require the compositions be non-azeotropic. The prior art of record neither teaches these specific combinations of trans-1,2-dichloroethylene compositions and/or also fail to teach these combinations in the form of a non-azeotropic composition. As such these claims are now found to be allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
